Through The Gears

Just another month of planning, and setting the wheels in motion for some of our activities that are just about to hit us. Seems to me that even the small events take up lots of time to set up properly. Thanks to the folks that help make this work.

Our first event is the Sweetheart Cruise on February 11, starting at Conway, and ending at Graham and Nancy Dell's home in Coupeville on Whidbey Island. The Dell's are really carrying the load on this one, as they are preparing a fantastic lunch for us. All I have to do is follow my instructions on the route so we don't get lost.

The 2012 Pacific Northwest Corvair Econorun has been a major part of planning, and Mike Klaus, Jeff Lee, and Graham Dell have put a super package together that allows maximum exposure for potential participants.

The benefits of their work have been a refreshing of our Web Site to include all information on the event. The registration form is included, and we now have a PayPal account for easy transfer of fees. All of this directly from our site. <http://northcascadescorvairs.org/events/econorun2012/eventreg.html>

While at it they have made it possible to use PayPal for membership dues on the "Join" section.

The program to host the 2012 Pacific Northwest Corvair Econorun is up and running. We are already receiving some inquiries, and we are expecting a very successful event.

Mike Klaus has done a magnificent job putting all the promotion material together, and Jeff Lee, our Web Master, has assembled it into a very professional presentation on our web site.

<http://northcascadescorvairs.org/>

You may have already been to the site, but for those of you that haven't, it covers everything from the registration, to details of the host hotels, and everything in between.

Graham Dell, our treasurer, has set us up with PayPal for easy payments, and has been working with Mike and Jeff to get that installed on the site.

Mike has sent e-mails out to the contact persons of each Corvair club in the Northwest, as well as coordinated material for posting in the CORSA Communique, and other Corvair publications.

As noted above, we are hoping for members to step forward to help in any way they can. Call, or send an e-mail to let us know where you fit in.
